Overall Review of Chumba Casino App Chumba Casino offers its players the exciting style of online casino games and the opportunity to win real cash prizes. This game is completely free; in this, you can enjoy playing any game without money.

## Casino action mobile app

In closing, we can only strongly recommend that you keep clear of Chumba Casino and instead choose an operator from our list of trusted U.S.A.-friendly online casinos should you be looking for an internet gaming destination.

We'll examine the individual pros and cons of Chumba in more detail further on, but these are the most important positives and negatives we noticed while using the site and playing the games.

## Bally's online casino app

Starting to play in any other online casino normally works in a few simple steps – create and verify the account, deposit funds, play, and withdraw if you have been lucky. It is totally different at Chumba Casino.

A quick inspection tells us that, just like Global Poker, Chumba Casino is owned and operated by Virtual Gaming Worlds Limited, or VGW Holdings, duly licensed by none other than the Malta Gaming Authority (MGA), which is a respected jurisdiction in iGaming. In fact, there is a VGW Malta office registered on the island.

Another option – one that is critical to Chumba's claims to be merely operating sweepstakes – is to send a post card or piece of white paper enclosed within a stamped #10 envelope handwritten to Chumba's US or Canada address to receive free Sweeps Coins. There is no limit to the number of letters you can send.

Be sure to read our review to see if you can get any free codes for the Chumba Casino casino app. After all, there are lots of cool Chumba Casino promo code deals out there, so it's only fair that you should get on one the social casino app.

The Stallion Grand progressive slot, one of the most popular Chumba slots and a good example of the quality of the games, offers the chance to win a progressive grand jackpot that sometimes reaches over SC 1,000,000. Paired with the Dancing Gold slot, Stallion Grand and Dancing Gold link to the same jackpots.

For players in restrictive jurisdictions like Australia, New Jersey, etc, we recommend the crypto sportsbook NitrogenSports instead.

Anyone with an Android device can get to play games for free on the Chumba Lite - Fun & Free Slots Casino app that you'll find in the Google Play Store. This app offers the chance of big jackpot wins along with a one million gold coin bonus just for downloading and getting started. There are free rewards for reaching levels, playing regularly, finishing on top of a leaderboard, or completing other achievements.

There is a good selection available with different layouts, bonus features, and even some offering progressive jackpots. Most genres are represented, from fruit machines through to adventure and mystery. Plus, the casino has added a few titles from 2BY2 Gaming, such as Medusa's Golden Gaze, Pear Fiction Studios, with Gustavo El Luchador, and several other outside software houses.

Purchases at Chumba Casino generally don't experience rejection by issuing banks, as Chumba Casino's status as a promotional sweepstakes gaming site puts it in a different category than legal online gambling sites. In the case that a credit card purchase is rejected, however, other options include:

## Casino online application

The Chumba Casino app offers you so many bonuses. You can pick up gold chips just by signing up to Chumba Casino for the first time or logging in via your Facebook account. Then you can get more gold chips on a daily basis just by spinning the Free Gold Spinwheel. All of which should give you more ways to play!

Signing up at Chumba Casino is done in seconds as they do not ask for full address or verification until you submit your first withdrawal. They accept players from the USA, except Washington and Idaho, and Canada, except Quebec.

The games at Chumba Casino use "Sweeps Coins" for gameplay. Sweeps Coins function as entries to the platform's games and can be redeemed for cash prizes.

Packages of Gold Coins + Sweeps Coins Available at ChumbaHowever, up to this moment, you are still not playing real money games. That is done using Sweeps Coins. You will get them as a free bonus on top of your Gold Coins when you deposit at least \$5. An equal amount plus a small percentage on top will be credited to your Sweeps Coins balance, e.g., 20.50 in Sweeps Coins for a \$20 deposit.

We've presented a summary of the pros and cons of playing at Chumba higher up on the page, but let's take a look at a few of these in a little more depth:

If you have tried Global Poker, then you will have a good idea of how Chumba Casino's business model works for US players. If not, make sure to read through our detailed Global Poker review to fully understand how the casino is working around the online gaming ban in the United States yet still offers what they claim is a legal product. Please note though that "legal" does not necessarily mean "recommended."

Here we'll break down the main differences between Chumba and other well-known casino operators. We'll avoid comparison with those operating to a similar social gaming model that have been mentioned above, since Chumba has the longest operating history and is already well recognized as the leader in the sweepstakes model field.

Promotions are often limited to offers for Sweeps Coins. Via their Facebook page, Chumba regularly holds Sweeps Coins no-cost giveaway contests where a small number of winners are picked to receive Sweeps generally ranging from 10 to 50. Additionally, there are sometimes special pop-up deals extended to particular individuals, like the chance to get 10 in Sweeps for just \$5.

Redeeming Sweeps Coins for cash prizes requires additional information, including valid ID, facial photo, and proof of address.

We had no means to test the speed of cashouts and reports in forums are rather sketchy. While some posters confirmed that they have received timely payments, others have not.

So, really, Chumba Casino does not have a mobile app. Players who use either iOS or Android won't be able to download a Chumba Casino app specifically, but they can play on the Chumba website on their mobile devices. This includes phones and tablets. Players can also bookmark the site and add it to the homescreen, which would be similar to having a Chumba Casino app.

The main choice to fund your account is via purchasing Gold Coins to officially take part in the sweepstakes. Sweeps Coins are then given as a free bonus and credited alongside the Gold Coins. While at the start in 2017 they were using PayPal as their main channel for payments, that has stopped in 2018, leaving you only with credit cards and a few other options.

We had a great time using the Chumba Casino app and we think you will too. OK, so there aren't any table games on the app, but this is one of the few negative issues we had with the Chumba Lite app.

Chumba Casino promotes itself as a social gaming hangout that uses, together with its sister site Global Poker, a novel way of letting people from all over the world, including the USA and Canada, play online casino games like slots, Blackjack, and Poker.

If you have been searching for player opinions about Chumba Casino, you have probably come across a good mixture of positive and negative reports. While the operation looks legit on its face, there are doubts on how they will continue to offer their services to U.S. players given the shaky legal rationalizations involved.

After opening an account, you can purchase set amounts of Gold Coins starting as low as \$1. These can be used to play the games in fun mode and even compete against fellow punters to win Gold Coin prizes as in a more traditional sweepstakes contest.
