The fact that so many industry experts are in charge of Mr Play ensures that this UK casino site offers all the thrills and spills that the modern-day player is looking for, including big bonuses, state-of-the-art games – and big jackpots.

Mr Play covers multiple bases when it comes to casino games. There's a separate section for online games, live dealer games, scratch cards – and even sports.

As expected, the online casino section is stuffed with slot games, including popular titles like Starburst, Rich Wilde, and the Book of Dead, and the progressive jackpot game Big Bass Bonanza.

Drop & Wins include the high RTP game Wolf Gold, while other casino games include blackjack, baccarat, and roulette variants. Poker is conspicuous by its absence but there are at least a handful of live poker games here, including Ultimate Texas Hold'em.

As mentioned, you can also launch the Mr Play sportsbook, which is a fully-fledged sports betting site in its own right, and indeed one of the best football betting sites in the UK. There are extensive betting markets to choose from and it's one of the best horse racing betting sites where horse racing is streamed live.

New players are entitled a £200 casino welcome bonus. This also comes with 100 bonus spins to be used on Starburst, Finn and the Swirly Spin, VIP Black, Aloha! Cluster Pays, and the Book of Dead with 20 spins each day on the designated slot game. Wagering requirements are set at 35x.

Many of Mr Play's subsequent promos are focused on sports betting. They include an exciting "Battle of the Punters," and odds boosts, but casino players have the chance to play for a slice of the £6,500,000 Drops & Wins prize pool.

There are 8 payment methods available here. You can deposit and withdraw via the likes of Skrill, MuchBetter, PayPal, and VISA debit cards.

A two-day pending period can slow bank withdrawals down but most payouts should arrive in your account within 8 hours.

There is also a weekly and monthly limit on how much you can withdraw, and this varies according to how new you are to the casino site.

Being founded by a bunch of iGaming veterans gave Mr Play a head start above other betting sites when it was launched in 2017. So although it might only be 5 years old, industry nous and a solid marketing campaign have ensured it's already got up with the big boys.

It's licensed by the UK Gambling Commission and the Malta Gaming Authority and is super safe to use.

For some UK customers, wagering requirements can be a bit of a pain. If you feel this way, PlayOjo might be a fab option, thanks to the fact that all of its bonuses come with zero rollover requirements – and zero maximum wins!

PlayOjo only launched a few years ago but it wasted no time adding over 3,000 games to its repertoire from some of the world's leading software providers.

To help you decide which games to play, this UK casino site helpfully lists the biggest win for every single game and how many times it was played during the last 6 hours.

PlayOjo is also widely known for being home to a range of bingo rooms, such as Session Bingo and Rodeo Bingo, while the live casino games are ideal for serious players who are looking to place bigger stakes.

You can get started at PlayOjo with 50 bonus spins. As mentioned, you don't have to meet any wagering requirements before withdrawing any winnings – and you get to keep whatever you win.

The only slight downside to this welcome offer is that it isn't a cash bonus (you don't get to play around with bonus money).

Over in the online casino, you can take your pick from hundreds of slot games, jackpot games, and megaways slot games.

There's also a live dealer casino section, while the top-rated games are given their own category, as are all the latest additions.

However, Casushi does have frequent Drops & Wins, which every week give you the chance to win a slice of the £1,000,000 by playing specific slot and live dealer games.

Casushi accepts a number of the UK's most trusted payment methods. These include MasterCard, Visa Electron, Skrill, Neteller, and PaySafeCard. The minimum withdrawal across the board is £10. Withdrawal processing times, meanwhile, generally take no longer than 24 hours.

Payment methods: The UK online gambling sites we chose offer banking options that UK players will be familiar with, and which they trust. UK gambling sites are 100% safe to use provided they're fully licensed and have a legit owner. For example, MrQ is owned by Lindar Media and licensed by the UK Gaming Commission. This ensures it's constantly monitored for safety and fairness.

You can play all kinds of games at UK gambling sites, including live casino games, online poker games, blackjack games, roulette games, slot games, and online bingo.
