One of the better sites. Don't usually like online casinos as there just a scam but casumo is actually decent. Withdrawing took ages not 23 hours!!! But they actually paid out unlike others. Nice to find a casino that's not a scam for a change

The UK Gambling Commission is very strict regarding their rules. They are not afraid to issue sanctions when these rules are breached. Casumo have been on the receiving end before.

Since mid-2021, PayPal at Casumo became available for UK players. This is great news as not having PayPal before was one of the very few blots on our Casumo Casino review. Now it's available for both deposits and withdrawals for British players.

However, Casumo Casino has also invested heavily in their mobile casino – and they've released a dedicated mobile casino app which is available to download for free on all iOS and Android devices. This app gives you full access to the online casino and its range of casino games, and it saves your login details, making it easier for you to play!

Casumo also have live casino tables where you can play classic table games via a video stream. These games include blackjack, roulette, baccarat, casino hold'em, Dream Catcher and more.

Played at Casumo quite a lot and really like it. Payouts are processed quickly and usually take a couple of days to reach my account (via debit card).

As we aim to be as transparent as possible on Casino Professor, it's important to mention that not all Casumo reviews are positive.

At the time of writing, there is no Casumo no deposit bonus available in the UK. If this is a dealbreaker, you can play at a £20 free no deposit casino to get the best no deposit bonus in our opinion.

Casumo offers an extensive live dealer games selection – and all the live dealer games are provided by a company called Evolution Gaming. Evolution Gaming, for many years, has been regarded across the industry as the clear leader in the niche – and they're known for pushing out the highest-quality live casino games on the planet, with all their casino games rendering in full HD.

If you want to take a break, you can also choose the "time out" function, which temporarily shuts your account for 24 hours, 7 days, or 6 weeks. For those who feel their online gambling is out of control, Casumo also offers a full self-exclusion function that lets you permanently shut your account, should you feel the need to do so.

Thankfully, Casumo casino looks to have stepped up their game in the last year or two. While they still have issues – they faced a fine from the UKGC, for example – they're still regarded as being one of the world's leading online gambling companies, something we strongly agree with, especially after putting this review together.

Casumo has, for many years, been regarded as one of the top online casinos – their commitment to providing players with a safe, fun and fair place to gamble is hard to miss, and the operator is known for consistently going above and beyond when it comes to looking after its players.

Casumo have been operating since 2012 and are 100% legit and trustworthy. They've built up a very good reputation with many positive reviews from players. They are licenced and regulated around the world which proves that Casumo is not a scam. It is completely safe to sign up at this online casino site.

Casumo Casino also runs what is known as Reel Races. These Reel Races are, essentially, competitions – and they begin every hour, with one major race taking place each day. Each Reel Race at the casino tasks you with playing a certain slot – or, in some cases, multiple games – for a certain number of spins. You're awarded points for hitting big wins – and, at the end of the race, which usually takes 150 minutes, the top 50 participants will be rewarded; the main reel race of the day offers a top prize of \$2,000, and all prizes are wager-free, too!

All games at Casumo are tested for fairness by an independent auditor. This guarantees that Casumo is not a scam and is safe for players to join. Overall, our review of Casumo's slots and games couldn't really be better.

You can also download Casumo Casino's app for Apple or Android mobile devices if you want. It is available via the App Store or Google Play.

When you first join Casumo Casino, you'll be required to enter a few personal details – including your name, address, email address and date of birth – nothing unusual. This is usually enough to open your account (provided you're not located in the UK), and you can then load up any of the site's instant play games.

The main welcome bonus offered to new players at Casumo Casino is delivered in a 100% matched deposit bonus, up to \$500. This allows you to make a real money deposit and receive the total amount of your deposit credited to your casino account as bonus money. For example, if you deposited \$40 on your first deposit, Casumo Casumo would credit your account with a \$40 bonus – bringing your total account balance up to \$80.

One thing we did really like is that Casumo Casino has a detailed Frequently Asked Questions (FAQs) page, which runs through some of the most common questions and problems – and aims to provide solutions.

Other Casumo casino reviews have stated that agents usually reply in the live chat in under 5 minutes and provide amicable and helpful customer support. From our experience, this appears to be accurate – although we’d go as far as saying it’s usually quicker than this to get through to a member of the customer support team.

If you reside in the UK, you can get the following Casumo Casino deposit bonus:

Aside from the free spins bonus we covered above, Casumo doesn’t currently offer any other sign-up free spins offers or a no-deposit bonus. However, they do run regular bonus spins promotions, details of which can be found on the “Promotions” page at the casino.

Five years ago, Casumo casino was arguably one of the best in the business – a viewpoint shared by both players and other online gambling operators. Unfortunately, however, when the UK Gambling Commission brought in new regulatory changes – and with changes in the ownership structure of the site – players started to notice that withdrawal time-frames had slowed, and more players were being asked to complete lengthy Source of Wealth (SOW) requests. This resulted in several negative reviews for the once-thriving casino.

Becoming one of the acclaimed PayPal casinos only makes Casumo even better in our opinion. That’s because it’s one of the most popular payment methods for UK online casino players – offering strong security and very fast transactions.

Casumo’s bright and modern vibe is quite a contrast to the blacks and reds of many traditional online casinos. Its lightly designed icons and vibrant colour scheme compliment the simplicity and transparency of the main user interface, all working together to provide players with an easy-to-navigate and easy-to-use website.

Although we regularly update this Casumo Casino review, we recommend reading through the terms and conditions at Casumo so you have the complete terms when starting.

Playing at Casumo Casino from your desktop device is a smooth and hassle-free experience. Accessing the online casino is incredibly easy. Everything from logging into your account to make deposits and withdrawals and finding casino games is made simple thanks to their user-friendly interface.

We like the fact that Casumo is very transparent about all facets of their business; whether it’s the main welcome bonus on offer, the game range available or even the responsible gambling tools available to you, Casumo showcase everything – and in this Casumo Casino review, we’re going to be giving you an in-depth and comprehensive look into what the site offers its players, so you know what to expect when playing at the casino for yourself.

As you can see, Casumo is an instant withdrawal casino UK thanks to PayPal, Skrill, Neteller, MuchBetter, and Trustly (Instant Bank Transfer) payments. However, remember that withdrawals can only be made to the last method you used to deposit. The only exception to this is if you used Paysafecard, Pay by Phone, or MasterCard as they don’t accept withdrawals. In that case, you will need to do a bank transfer.

Don’t listen to the haters, casumo is one of the best online casinos I’ve ever played at FACT!!

No online casino would be complete without a solid selection of welcome bonus and free spins promotions – and Casumo is no exception. In fact, we were happy to see that Casumo Casino offers a great welcome bonus option to Canadian players – and we’ll look at details of the real money bonus you’ll find at this popular online casino in the next part of this Casumo review.

In our eyes, Casumo are one of the best casinos around. Even though new online casinos continue to launch, they are still the benchmark for what a UK casino should offer.

It’s tricky to see too many complaints with Casumo, we agree – but it’s always tough when you don’t know the critic’s situation. All we can say is that there must have been a reason behind their complaints, yet we’ve never encountered anything suspicious.

If you take verification issues away, the vast majority of Casumo Casino reviews are positive.

While it may not sound like a “unique feature” about the site, Casumo Casino’s blog page is actually an awe-inspiring creation – and it gives players an insider look into the operations of the site while providing interesting reads.

Compared with other casino bonuses, Casumo's welcome bonus terms and conditions are decent. The wagering requirements are reasonable and the minimum deposit of £10 for the Casumo bonus is standard. It is a 100% deposit bonus so what you deposit will be matched, up to £100.

Casumo is a popular and legit online casino that was founded in 2012. Casumo is currently owned and operated by Casumo Services Limited, a company based in Malta. The selection of games at the casino, Casumo, is extensive – and along with the vast video slot and live dealer selection, you'll also find yourself able to access a huge range of casino table games and video poker machines.

But it's great to see a decent variety here – such as being an Apple Pay casino UK and also a MuchBetter casino UK.

Casino games to win real money online

Like most online casinos, this first deposit bonus comes with wagering requirements and other terms and conditions. The wagering requirements for the main bonus are 30X – so it's actually a really fair bonus in terms of wagering. Of course, bonus funds can't be used with all games, and some games – table games, in particular – contribute less to the wagering requirements – but, all in all, it's a fair bonus and one that stands up well against other online casino sites.

Casumo also offers an extensive selection of progressive jackpot games – including both slots and casino games – and these are provided from some software providers. However, NetEnt, Microgaming and Red Tiger Gaming are the most notable.

“We're Casumo, an open, honest and friendly online casino where you can have fun playing slot machines, jackpots, table games, live casino or betting on your favourite sport. We believe in the joy of play, a feeling we want to share with all our players, wherever they are. That is why we've been focusing all our efforts since 2012 on offering you an exceptional and fun experience through play.”

In November 2018, they were fined by the UK Gambling Commission for breaching anti-money laundering and social responsibility policies. This happened again in March 2021 as Casumo were hit by another UK Gambling Commission fine. This is something we'll be keeping a close eye on, with any further updates being added to our Casumo Casino review here.

Other popular progressive jackpot games at Casumo include Mega Fortune Dreams, Mega Fortune, Hall of Gods, Dragon's Fire, Trillionaire, Thor's Vengeance and Regal Beasts.

If you're unable to use the live chat function at Casumo – or prefer to contact the casino via email – you can also reach the customer support team via email. Their email address is , and the site usually aims to respond to all replies within 48 hours. At the time of writing, Casumo Casino does not offer a phone support service.

I've been a member at Casumo since 2013 and it's always been a good casino.

Casumo casino offers around clock a 24/7 live chat function, which starts with a chatbot. If the chatbot cannot help the user, they are transferred to a live customer service agent – usually straight away.

Unfortunately, this can take a bit more time, with many players leaving Casumo reviews which complain about this process. However, they are required to do it just like all the sites in our UK online casinos list – and it's done to help keep gambling safe.

Their live casino platform is mainly operated by Evolution Gaming. However, there were also a few tables available from NetEnt Live at the time of this Casumo Casino review.

So we can now only really pick at very slight issues – such as the absence of a Casumo no deposit bonus UK. Apart from that, we think they have everything you would want in an online casino.
