Chumba casino location

Chumba presents itself as an online social casino where players can play games for free without wagering money, or to win real money prizes. You can play Chumba Casino games either with earned or free sweeps coins. You can also buy gold coins or get some as a bonus to increase your jackpot winning chances.

This Chumba Casino review will show that it has been running for many years online and on social media platforms like Facebook and boasts over 1 million players. Both are normally good signs in any online casinos, right?

But is the sweepstakes model one to be trusted? And if you win money are you going to be able to get it out of your account and into your bank?

Throughout this in-depth review, we'll explore how the sweeps coins and gold coins currency models work, whether you really can win real cash prizes, the types of gambling games you can play from video slots or video poker through to table games like blackjack and roulette, if you can expect good quality social gaming, and generally answer any type of FAQ you may have about the platform.

Chumba casino location

We'll also see how we and other real player reviewers believe the platform performs, taking into account a broad range of performance indicators that will make up the key decision-making factors in whether to sign up for an account and play.

If you're new to Chumba and want a quick hit view of the good and bad points, here are the brags and beats as experienced by a real player. They're followed by a performance breakdown in the areas that will matter most to any players of Chumba games.

We'll examine the individual pros and cons of Chumba in more detail further on, but these are the most important positives and negatives we noticed while using the site and playing the games.

If you have been searching for player opinions about Chumba Casino, you have probably come across a good mixture of positive and negative reports. While the operation looks legit on its face, there are doubts on how they will continue to offer their services to U.S. players given the shaky legal rationalizations involved.

Chumba casino location

Here are some opinions on Chumba Casino gathered from around the internet. These reviewers are real players who have clearly spent time on the platform playing the games:

You'll notice here that these comments are mainly negative, although Chumba does attract positive comments too. It's always worth remembering that you're likely to see far more negative user reviews on any service or product than positive ones simply because it's human nature to want to make a big point of telling everyone when something doesn't work in the way you hoped for.

In the case of Chumba Casino, some poor reviews are actually caused by incorrect expectations of users or misoperation on their part. It's wise to take note of comments from both positive and negative reviewers to enable any player to make a truly accurate judgment, but it's also likely that

the most accurate opinion on anything being reviewed will come from personal experience.

If you are thinking of playing, it will be highly advisable to take note of the terms and conditions of use which are clearly displayed on the site.

Locarion chumba casino

Here we'll take a look at the main performance indicators that matter most to players, and their likely effects on you as a player and Customer.

Chumba Casino promotes itself as a social gaming hangout that uses, together with its sister site Global Poker, a novel way of letting people from all over the world, including the USA and Canada, play online casino games like slots, Blackjack, and Poker.

This method of operating is reason enough for first-time players to take a closer look at their Sweepstakes model. Specifically to find out how they use sweeps coin games and ascertain whether this is a legit online casino or a scheme to get unsuspecting players to part with their money without any chance of winning any real prizes.

A quick inspection tells us that, just like Global Poker, Chumba Casino is owned and operated by Virtual Gaming Worlds Limited, or VGW Holdings, duly licensed by none other than the Malta Gaming Authority (MGA), which is a respected jurisdiction in iGaming. In fact, there is a VGW Malta office registered on the island.

Casino locarion chumba

Usually, casinos operating under the umbrella of the MGA are not allowed to accept US players, but because Chumba's sweepstakes model does not make it a straight-up casino in the normal sense, it looks like the MGA has given the operator the nod. We will take a closer look at that later in the review as the casino has a small caveat in its terms that every player outside the US or Canada should take note of before signing up.

Signing up at Chumba Casino is done in seconds as they do not ask for full address or verification until you submit your first withdrawal. They accept players from the USA, except Washington and Idaho, and Canada, except Quebec.

Once you have registered an account, there is a very simple process to login.

The front page of the casino naturally shows happy winners alongside the news that they have over 1 million U.S. players enjoying their 60+ slots and table games with a total of \$90 million in cash prizes redeemed.

Casino chumba locarion

If you have tried Global Poker, then you will have a good idea of how Chumba Casino's business model works for US players. If not, make sure to read through our detailed Global Poker review to fully understand how the casino is working around the online gaming ban in the United States yet still offers what they claim is a legal product. Please note though that "legal" does not necessarily mean "recommended."

The founders of VWG and probably a whole host of lawyers found not-insignificant loopholes in U.S. anti-gambling laws for sweepstakes contests, which explains why the casino promotes itself as a social gaming destination. Sweepstakes are legal in 50 U.S. states and are thus the core part of how Chumba Casino operates. It is in essence an online casino hiding in plain sight but counts legally (or so the company hopes) as a sweepstakes operation.

Starting to play in any other online casino normally works in a few simple steps – create and verify the account, deposit funds, play, and withdraw if you have been lucky. It is totally different at Chumba Casino.

After opening an account, you can purchase set amounts of Gold Coins starting as low as \$1. These can be used to play the games in fun mode and even compete against fellow punters to win Gold Coin prizes as in a more traditional sweepstakes contest.

Casino locarion chumba

Packages of Gold Coins + Sweeps Coins Available at ChumbaHowever, up to this moment, you are still not playing real money games. That is done using Sweeps Coins. You will get them as a free bonus on top of your Gold Coins when you deposit at least \$5. An equal amount plus a small percentage on top will be credited to your Sweeps Coins balance, e.g., 20.50 in Sweeps Coins for a \$20 deposit.

Once your transaction is completed, you can load a game and switch between Gold Coins and Sweeps Coins before every spin, hand, or round. Please note: Spending \$1 or \$10 won't get you any Sweeps Coins, basically giving you fun money that you will never be able to convert back to cash.

WARNING: Players living outside the United States or Canada cannot change their Sweep Coins for real cash that can then be withdrawn. The casino is thus a normal social gaming site for those players, and they can simply enjoy the games for fun. Just remember that should you fall into this category and decide to deposit real money, you will never be able to withdraw any potential winnings.

Read This Notice Carefully If You Reside Outside the United States and CanadaChumba Casino Website DesignThe layout of the front page is quite simple, which makes the UI generally positive. At the top of the page, you can see your account balance and easily switch between Gold Coins and Sweeps. This is also where you can buy more Gold Coins or redeem your Sweeps Coins for cash prizes.

Chumba casino locarion

You will see a list of your recently played games along with “Top Games” and several other categories of titles. If you would instead like to browse by game type, you can do so by selecting one of the categories near the top of the page.

Garden Princess Secret Island The Frozen Queen The Great Slotini The Wild Jungle Pearls of Fortune Duskmoon Faire Santa's Riches Wolf Dreaming Big Boss Pharaoh's Return Iron Reels Cupid's Revenge Blackbeard's Saga Pax Romana Wild Fruits Basket Table Games Blackjack Blackjack Back Blackjack American Roulette American Roulette x2 Jacks or Better Chumba Casino offers a combined 90+ slots, Blackjack, roulette, and video poker games. The total amount of games in all sections is sub-par compared to other online casinos, which typically carry hundreds of gaming titles. The majority of Chumba's games are proprietary VGW creations, but there are also a few from 2BY2 Gaming and Pear Fiction Studios.

Chumba Casino Game Lobby There is little information available about their in-house games other than the RNG (Random Number Generator) was certified by iTech Labs and Gaming Associates, respected entities for certification. However, the RNG is not exclusive to Chumba Casino or VGW and is used by other companies who need an RNG for their products. It is in no way a clear sign that the games are fair, only that the RNG is to a general standard.

We could find only three Blackjack titles in the entire casino lobby, of which two of them were developed by Golden Rock Studios and are identical but for the presence of an optional side bet in one of them. The other is a proprietary game developed by VGW themselves.

Chumba casino locarion

The two copy-cat versions of blackjack use a relatively normal rule set with a six-deck shoe, dealer standing on soft 17, splitting permitted only once, and double after split allowed. The house edge of these two games is 0.57%: about average for online Blackjack.

The other Blackjack title employs a fairly odd set of rules: six decks; dealer stands on S17; doubling allowed only on 9, 10, or 11; splitting allowed up to four hands; resplitting aces allowed; drawing to split aces allowed; dealer doesn't peek for blackjack. This version of the game has a house advantage of just 0.39% with the proper basic strategy, but this strategy is a bit obscure because of the rare combination of rules in effect.

Chumba Casino Blackjack Video Poker Poker fans can play Jacks or Better with either Gold Coins or Sweeps Coins. Simply switch between hands whenever you like. Unfortunately, it is also the only video poker game available at Chumba Casino.

Even if we credit Chumba with dealing honest cards and following a fair distribution, the paytable listed contains several downgrades from normal Jacks or Better VP. For instance, a full house is worth only 7 times the bet, and a flush only pays 5x: quite a reduction from the 9x and 6x respectively for these hands awarded by full-pay Jacks or Better machines.

Chumba casino locarion

We've done the math to calculate that this game has an RTP of just 96.15%: much worse than the 99.54% returns possible with a full-pay game and basically in the same ballpark as your run-of-the-mill slots.

Jacks or Better Video Poker Roulette There are two types of roulette present at Chumba. They are identical except that one of them rolls four dice after every win, and if they come up four of a kind, the win is doubled. This makes it slightly superior to the standard roulette even though the win will be doubled only about once every 216 spins.

Both of Chumba's roulette wheels are American in nature. That is, they have spots marked “0” and “00.” This is worse than the European roulette wheels sometimes present at competing establishments, which have only a single zero.

Having played at online casinos for over two decades, we have never come across any of the proprietary slots from Chumba Casino. They do look well-designed though, showing that some effort has been made in creating them.

Casino chumba locarion

There is a good selection available with different layouts, bonus features, and even some offering progressive jackpots. Most genres are represented, from fruit machines through to adventure and mystery. Plus, the casino has added a few titles from 2BY2 Gaming, such as Medusa's Golden Gaze, Pear Fiction Studios, with Gustavo El Luchador, and several other outside software houses.

Stampede Fury – Proprietary VGW Slot While we couldn't see anything inherently wrong or dodgy when trying the proprietary games, it always makes us suspicious when a studio does not display return to player (RTP) or other information. We tested a few slots, and they seem to run normally although that might have been just a simple coincidence.

Overall, we recommend playing with some caution should you ever want to give these slots a spin as there is no way whatsoever to find out if they run as advertised. Basically, play at your own peril.

There are none of the typical bonus offers at Chumba Casino that you would normally see at an internet casino since it is not your usual casino but an online platform that offers you the chance to play games for entertainment. The sweepstakes entry part is done by giving you Sweeps Coins which you can use for playing the slots and games in the casino.

Locarion casino chumba

All new players will be welcomed with 2,000,000 Gold Coins and \$2 in Sweeps Coins. No deposit is needed to receive both amounts, and you can instantly start playing any game with either. We'll explain more on the difference between the two casino currencies in a short while. U.S. and Canadian players can get more free Sweeps Coins by writing a letter to the registered address of Chumba Casino.

Promotions are often limited to offers for Sweeps Coins. Via their Facebook page, Chumba regularly holds Sweeps Coins no-cost giveaway contests where a small number of winners are picked to receive Sweeps generally ranging from 10 to 50. Additionally, there are sometimes special pop-up deals extended to particular individuals, like the chance to get 10 in Sweeps for just \$5.

Perhaps the most reliable way to get a steady trickle of free Sweeps and Gold Coins is by logging into your account every day. You will receive a small amount of both currencies every day that you do so.

Another option – one that is critical to Chumba's claims to be merely operating sweepstakes – is to send a post card or piece of white paper enclosed within a stamped #10 envelope handwritten to Chumba's US or Canada address to receive free Sweeps Coins. There is no limit to the number of letters you can send.

Casino chumba locarion

VGW GAMES LIMITED, CHUMBA CASINO SWEEPSTAKES DEPARTMENT PO BOX #8486 PORTSMOUTH, NH 03801

VGW GAMES LIMITED CHUMBA CASINO SWEEPSTAKES DEPARTMENT PO BOX #990135 WEST BEAVER CREEK ROAD RICHMOND HILL, ONTARIO L4B 4R7

Each envelope is good for \$5 worth of Sweeps Coins. There are a set of rules and restrictions that apply to requests by post in particular certain words that must be handwritten on the envelope and post card. Please consult the Chumba Casino website for a full list of regulations.

The main choice to fund your account is via purchasing Gold Coins to officially take part in the sweepstakes. Sweeps Coins are then given as a free bonus and credited alongside the Gold Coins. While at the start in 2017 they were using PayPal as their main channel for payments, that has stopped in 2018, leaving you only with credit cards and a few other options.

Chumba locarion casino

Deposit Options at Chumba Casino MasterCard, Visa, Discover, Amex – minimum \$1, no maximum limit noted Skrill Digital Wallet – minimum \$1, no maximum limit noted Paysafecard – minimum \$1, no maximum noted. This option is linked and processed via Skrill Online Banking - minimum \$1, no maximum noted. None of the methods lists a maximum amount, however, the most you can spend in one transaction is \$300 which will get you a huge haul of 120 million Gold Coins and 315 Sweeps Coins. Only the latter can be exchanged for so-called cash prizes should you wish to withdraw your balance.

Skrill has language in its terms of service that explicitly prohibits U.S. users from using its e-wallet for the purposes of sweepstakes. We're uncertain how Chumba was able to legitimately bypass this restriction, and indeed it's possible that the company has not come up with a workaround and is just taking chances with its customers' money. It's conceivable that Skrill will eventually put an end to this, and when that happens, we have no clue what will happen with players' funds, but it probably won't be pretty.

Submitting a cashout is called redeeming Sweeps Coins at Chumba Casino. You will convert your coins into a cash prize, which is then paid through the method of your choosing. Available are Bank Wire and Skrill, the latter again in doubt as regards U.S. residents.

Account Verification Instructions at Chumba Casino The minimum you need to start redeeming your sweepstake prizes is \$100 worth of Sweeps Coins – a pretty steep minimum in our opinion – while the maximum for New York and Florida stands at \$5,000 per day and \$10,000 per day for all others. Please note that these limits are what you can redeem from all wins on the games. Anything above will stay in your account.

Locarion casino chumba

Fees apply to all redemptions; however, there are no published details as to the exact amounts or percentages applied. Processing times are between 5 and 10 business days according to the terms shown although Skrill is supposedly completed faster.

We had no means to test the speed of cashouts and reports in forums are rather sketchy. While some posters confirmed that they have received timely payments, others have not.

For a rundown of other internet gaming firms that are known for the timeliness of their payouts, you can browse over our monthly online casino, poker, and sportsbook cashout report.

Anyone with an Android device can get to play games for free on the Chumba Lite - Fun & Free Slots Casino app that you'll find in the Google Play Store. This app offers the chance of big jackpot wins along with a one million gold coin bonus just for downloading and getting started. There are free rewards for reaching levels, playing regularly, finishing on top of a leaderboard, or completing other achievements.

Casino chumba locarion

Chumba Casino Mobile SiteOther Gambling at Chumba CasinoGiven that the game selection at Chumba barely qualifies as adequate for the casino vertical alone, it's not shocking to see that it has no poker room or sportsbook. Although sister site Global Poker does offer card games, it has a similarly troublesome history and business model, and so you may wish to take your business elsewhere.

For the ability to bet on sports, head over to our list of the best online sportsbooks USA residents can wager at. If poker is more your game, then our comprehensive USA internet poker guide where you can learn about the best online poker sites for US players ought to appeal to you.

Customer support is offered via onsite message form, email, or phone. However, they do not state whether these channels are open 24/7, and probably the best you could hope for as a response to a customer service request by email or form submission would be an answer within a few days.

Use This Contact Us Form to Get in Touch With Chumba CasinoYou can also attempt to contact the company through its Social Media accounts. For example, according to its Facebook page, users should expect a response within a few hours.

Chumba locarion casino

The main competitors to Chumba are the other operators who deliver services in a similar way with the most well-known being Luckyland Slots, Funzpoints, and High5Casino.

It's worth noting that none of these are going to offer the excitement and money-winning potential of playing in a real money online casino.

Here we'll break down the main differences between Chumba and other well-known casino operators. We'll avoid comparison with those operating to a similar social gaming model that have been mentioned above, since Chumba has the longest operating history and is already well recognized as the leader in the sweepstakes model field.
