And once you own one you wont be able to imagine life without it. Perfect for churches, studios, or any environment where you need to quickly duplicate a large quantity of discs, our Reflex duplicators are souped up with an unparalleled hard drive, the fastest DVD and CD drives on the planet, and a powerful, allinone interface that eliminates the need for a computer. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Please try again later. ROBERT 3.0 out of 5 stars Tech support seems adequate, too. Sure glad theyre domestic. Now, about that user manual. Sorry, but its totally useless. Most of the function commands in the user manual do not coincide with the menu display commands, which themselves, are not very intuitive. For me thats translating into a very steep and bumpy learning curve. Ive owned my Reflex for 2 weeks and most operations I perform on it are still hit or miss. I think Ive seen just about every error message shes got in her. So, if you want to dupe 1st class by the seat of your pants, go for it. Finally, if youre expecting it to ignore DRM code youll be disappointed. If its protected, youre rejected. Sorry. The law is the law. As frustrating as its been so far for me to operate the Reflex, Ill probably keep it, hoping to one day receive the uptodate user manual to which I am entitled. In about 6 months, after Ive learned how to thoroughly use my Reflex, Ill probably rate it a 4. Maybe even a
