### Casino online download 7sultans

7 Sultans casino empowered by Microgaming has been around since the late 1990s. It is one of reputable platforms belonging to the Fortune Lounge group with a long history and a decent payout rate. Nowadays, players from various corners of the world can enjoy over 700 games that 7 Sultans offer. 24/7 professional customer support, an impressive range of games, and the popular Microgaming Viper platform make 7 Sultans Casino a top choice gambling site for thousands of players. Being an international platform, 7Sultans supports a variety of languages, works with multiple currencies and allows numerous deposit and withdrawal methods. In this review, we'll provide the most comprehensive description of 7 Sultan advantages and disadvantages.

Traditionally, the most popular Microgaming products are video slots, and no surprise, most gamers sign up 7 Sultans Casino in order to access a wide selection of slot machines. Apart from usual reel slots, they offer two arcade slots and a lot of video slots. Some examples of popular Mg games available in 7Sultans are such hits as Hitman, Avalon, Tomb Raider and Thunderstruck. Less popular, but very cute options are Lost Vegas, Life of Riches, Alaskan Fishing, and many, many others. If you decide to try your luck and hunt for the progressive jackpot, you'll be glad to see Mega Moolah, Fruit Fiesta, Cash Splash and some other brilliant jackpot solutions.

### 7sultans online download casino

7 Sultans has both downloadable and online versions, and both of them are driven by Microgaming software. Gamers who opt for the downloadable client can access the full range of games – around 700 options. Not all of them are available for instant playing, though. But even 400+ games that are available online are more than enough for an average player. Also, 7 Sultans Casino is compatible with mobile platforms. To access the casino's content from a tab or a smartphone one doesn't need to install a 7Sultans download client – the games are available instantly. However, their number is limited: only slightly over 90 games are adapted for the mobile format.

As for the games selection, quite expectedly, there a lot of slots – from plain 3-reeled machines to 3D slots packed with features. Also, there are 25 progressive slots (17 are available for instant playing). Microgaming is as well known for its numerous solutions for video poker, and at 7 Sultans you can choose of 58 (23 for an instant play) kinds of poker. Finally, at 7Sultans Online Casino a good selection of table games is offered. They include Blackjack, Baccarat, scratch cards, Keno games and some others. All in all, there are 76 of them (54 if you play instantly).

A strong point of the 7 Sultans Casino is its pro-level support service. Players can access a live agent via a toll-free phone in 26 countries of the world and discuss their problems or ask questions in real time. If you prefer written communication, e-mail and a live chat are at your disposal. In every second 7Sultans review, the quality of the site's customer support is estimated at 10 points out of 10.

All newly registered users of 7 Sultans Casino are eligible for getting a 100% bonus on their first deposit. The maximum possible amount of the bonus is £500. The good news is that this total amount can be divided into up to 5 separate deposits, which can be made within 7 days of the first deposit. In simple terms, it doesn't matter whether you deposit £500 at a time, or £30 on the first day, £70 on the second day and £400 on the third day. You'll get your £500 bonus anyway, and this is stated in the official Sultans Casino Review by AskGamblers and other well-established independent observers.

According to the Terms and Conditions of 7 Sultans, the minimum deposit that gives the right to claim a bonus is £10. The wagering requirements meanwhile are 40x, which is described by most 7Sultans casino's users as "reasonable". Also, there are certain betting limits for gamers, using bonus funds for playing. Thus, the maximum allowed bet per round is 15 percent of the bonus amount. The minimal allowed bet is equal to the minimal possible bet of the chosen slot.

The main goal of our 7 Sultans Casino review is to make the most comprehensive description of the platform. And security is one of the key aspects that all real-cash players are concerned about. 7Sultans is a casino that fully complies with all modern security standards. It used the new-gen SSL-encryption, so you may be sure that your personal data, as well as details of all financial transactions, are reliably protected.

As for the fairness, 7 Sultans Casino regularly undergoes independent tests conducted by third-party reputable testers. Over 19 years of its existence there hadn't been any recorded facts, proving unfair play or attempts of doing something shady. As of today, it is proved by independent experts that 7Sultans plays honestly.

7 Sultans is an eCOGRA-approved casino. It means that all the gaming products offered by this platform are regularly tested and assessed by the leading independent tester of gaming software – eCOGRA. Apart from estimating the casino's fairness, eCOGRA also configures a report on its payout rates. According to the latest estimations, the payout rate for 7Sultans is 96.62%, which is higher than average. Such a high RTP is a clear sign of the fair 7Sultans gaming.

7 Sultans Casino works legally and is a proud holder of the Maltese license. The license is issued by the Malta Gaming Authority, which is considered to be one of the most reputable and serious regulating body in the world's gambling sector. Also, as it had been mentioned, 7 Sultans has an eCORGA certificate. On the casino's official site, you'll find a seal that confirms that the certificate is valid.

The 7 Sultans Casino has its proprietary loyalty program. Within the framework of this program, a player earns comp points that can be redeemed afterward. The terms of the program are straightforward and transparent. The number of points you get depends on the number of credit spent on playing. Various types of games have different "value".

## **Casino 7sultans download online**

Also, every player has a chance of getting additional points from the 7 Sultans Casino. The number of points in different cases depends on the type of the account. Here is the table, where rewards for different account types are specified:

It's important to keep in mind that the minimal number of points that can be redeemed is 5000. The points that haven't been used expire in 60 days.

## **Online casino 7sultans download**

Another strong point of 7 Sultans that is mentioned almost in every user and expert review is an impressive range of deposit and withdrawal methods offered. Being a casino of an international level, 7Sultans supports almost all popular payment systems. The range of withdrawal methods available is less impressive but still more than just satisfactory.

The minimum withdrawal amount is £50. Cashout speed is good irrespective of the methods chosen, but the fastest way to withdraw funds is to use Neteller. With Neteller, you'll get your cash as quickly as in 4 days.

Welcome to 7 Sultans Casino Online, a great way to pass the time with over 700 of the world's greatest online casino games. Our games of chance are fit for royalty, and everyone else, and that's because they're built from the ground up by the eminent makers of internet casino games – Microgaming. Joining our cast of suppliers are NetEnt, another innovator from the same country that gave the world the adjustable wrench, Sweden, and completing our offerings are Evolution Gaming, pioneers of the live dealer gaming movement. In other words, 7Sultans Casino Online is completely equipped to offer players not just quality and quantity, but also diversity. If you're ready to try your hand at everything from blackjack to online slots and mobile casino games, then swing on in and discover our world of fun and entertainment.

For more than 20 years we've sought to provide our players with a gaming experience of opulent proportions. It's an experience we've constantly chipped away at with the goal always being that of refinement and in essence, betterment. Through the incorporation of the latest in online casino gaming technology, we've been able to maintain an exceptional status quo. A lot has changed since 1999; players are no longer limited to their PCs when they game, a fact we're incredibly proud of, and something anyone can experience through our mobile casino online. Our sultan-worthy €500 welcome bonus is still on the cards for all new players while our on-going promotions remain fun and entertaining. And if safety is a concern, let it be known that there's no need for such concerns thanks to our modern online banking infrastructure, our licensing and regulation, our external auditing and our strict approach to responsible gaming.

Are you ready to join our eminent 700+ club? With games fit for a king, you'll be pleasantly immersed in a kaleidoscope of options with winning potential when you sign up with 7Sultans Casino. Our online casino games are sourced from first-rate suppliers whose years of experience and constant innovative implementations have kept their names on the lips of players and operators like ourselves alike. Microgaming, founded in 1994 and deemed the leader of the pack when it comes to online casino games, has been supplying us with content since we first went online back in 1999. Every month new and exciting online slots are made available, thus giving our players new and entertaining spheres of winning potential to explore. Their Gold Series of card and table games consisting of several versions of online blackjack and roulette is second to none and if it's the possibility of really big wins you seek, then their progressive jackpot games are bound to delight.

At 7Sultans Casino we don't believe in putting all our eggs in one basket. It's why, in addition to Microgaming, we've also brought in the talents of NetEnt and Evolution Gaming. The former is a Swedish-based company founded in 1996 and known for its enmeshing of fantastic concepts with creative ways to win, while the latter, founded in 2007, has been at the cutting edge of live dealer gaming. Altogether these companies pour their creative offerings into our gaming library and we in turn bring them to our players.

At 7Sultans Online Casino players can delight in the fact that there are few limitations when it comes to making sure that everyone who's interested in playing can do so. For those who prefer to do things on their tablets or smartphones, our online casino mobile games are sure to suffice. In fact we've transitioned the casino to both iOS and Android devices, thus making sure that all who would rather opt for a mobile casino online experience can do so with relative ease. All the highlights of the original 7Sultans PC-gearred package have traversed a sea of data and technology to bring players winning possibilities, ongoing non-obligatory promotions and deals, and a safe gaming environment in which to conduct all the fun.

Everyone who signs up at 7Sultans for the first time can receive an online casino welcome bonus to the value of €500. This non-obligatory offer requires that players make a deposit in order to receive it. The offer itself is split into two segments, each to the value of €250. This allows the player the opportunity to make a minimum deposit of €10 and to get a feel for how the bonus system with its wagering requirements works. In addition to this offer, we also have a Loyalty Programme that lets players accumulate points that can be redeemed in specific denominations to be added back into the bonus balance. Let the fun begin!

Online slots are easy to win and often comprise of interactive features to make winning even more fun. 7Sultans Online Casino has many different

types of slots to choose from, each of which is even more exciting than the next. What makes our online slots a popular choice with both beginner and seasoned casino players is the number of different slots we have to choose from. Players can also access them on any device, and with our mobile casino slots no one ever has to miss out on the fun and action.

Play over 700 casino games including these different types of slots:

Reel slots traditionally comprise of 3 reels, and are particularly suited to players looking for simplicity over complicated bonus features. Our 3-reel slots are powered by Microgaming and make use of a random number generator to determine winning and losing combinations. Some of our reel slots include bonus features such as nudge and hold functionality for more control over the outcome of each spin. Reel slots are closely based on the original machines, first seen at the start of the 20th century, and have serious retro appeal. They're not only perfect for players who are looking to simplify their gambling session, but also for beginners who are still getting familiar with the way the games work.

Technically, all casino slots at an online casino are video slots. However, the name is reserved for those games that are more detailed and complex. The original land-based video slots were the first slot machines to use computer monitors, supporting their high-definition graphics and animations.

Our video slots have come a long way since the one-armed bandit, and boast colourful themes, animations and bonus features to keep you entertained for hours on end. Our casino has both 5 – 15 payline and 20+ payline video slots to choose from, with fun bonus features which include Wild and Scatter pays, Free Spins bonuses and second-screen gamble games. 7Sultans Online Casino additionally introduces new video slots each month to ensure that there's always a new game to win at.

## **Download 7sultans online casino**

Our progressive jackpots from Microgaming are similar to those found at land-based casinos, but often boast even bigger jackpots. The thrill of playing progressive slots lies in the fact that players contribute to a central jackpot which is often won by way of a single bet. Players can usually watch the jackpot payout grow bigger with each wager, as the total is displayed above the slot reels, until it is triggered. Our Mega Moolah progressive slot, in particular, has been responsible for some of the biggest payouts in online casino history.

If you want to enjoy the glitz and glam of a Vegas casino online, look no further than our Vegas-style slots section. Powered by NetEnt, this includes 3D graphics and other incredible visuals, along with a slew of free spins, multipliers, Wild Symbols and other special built-in slots bonus features. Games based on major franchises, such as Guns 'n Roses™ and The Invisible Man™ sit comfortably alongside Gonzo's Quest™, Starburst™ and hundreds of other original titles.

Many of our reel, video and progressive jackpot slots are available at our mobile casino as well as our desktop platform. They have all been specially designed or adapted to be optimally compatible with the smaller screens and central processing units, so players can enjoy world-class online gambling slots anytime and anywhere. With the responsive touch screens, many players actually find that mobile slots are even more interactive and authentic than their desktop casino counterparts!

7Sultans no longer exists and has been closed down. Don't stress though, there are still many online casinos players from Germany can play at:

7Sultans employs a refined, simple casino interface that is easy to navigate and pleasing to the eye. Straight from the home-page as a guest or upon logging in, all games are neatly categorised to easily find what you are looking for, with a search bar usable for specific games.

However, should you desire, the site offers a dedicated downloadable software client which acts as the official computer program to access their casino offerings. Other than a few design changes and slightly faster loading (due to needing to download game software directly to your computer), this is a good option for players who don't share computers and want a specific program to access games from 7Sultans.
