Updated regularly, your drivers license book will be useful to you for the rest of your driving career. And, spoiler alert even after you've been driving for a while, you're still going to have questions about road rules, no matter how comprehensive your drivers ed course was. It details how to get a drivers license, important road rules like right of way, tips for handling emergencies, and so much more. The easiest way is to navigate to your state's drivers licensing agency's website and view the handbook online. You can also download it so you have your own copy, or you can pick up a physical copy of a DMV handbook when you're at your licensing agency's office. In our modern world, technology is going to continue to have an impact on driving, and that's going to affect traffic laws. With our online resource, you'll always have access to your state's drivers handbook, which means you'll be able to see the latest changes when they go into effect. You'll always be up to date, and if that means avoiding traffic tickets and other hassles, it's a huge benefit to you. If you're still using your beat up copy of your drivers handbook from back when you took drivers ed, you may be getting outdated information. While reading about driving rules is not the same thing as following them when you're behind the wheel, you'll be a lot better off if you have a thorough understanding of safe driving practices. This knowledge will help prevent you from getting traffic tickets and being involved in car accidents, which means you'll also enjoy a lower car insurance rate. What could be better than that. So even if you've already got your drivers license, be sure you're regularly brushing up on your driving safety information. You and other drivers on the road will be glad you did. Get a Quote. CNN The Minnesota Department of Public Safety DPS announced on Monday updates to the state drivers manual that include guidance for drivers legally carrying firearms. The announcement landed on the fouryear anniversary of the fatal shooting of Philando Castile. In 2016, the 32yearold was pulled over for a busted tail light in Falcon Heights, Minnesota. As Castile tried to tell an officer he had a gun on his person a gun he had a permit to carry he was shot seven times while his girlfriend and 4yearold daughter were in the car. Her recommendation was one of 28 announced by the working group on policeinvolved deadly force encounters, according to DPS. The new changes While the drivers manual previously included guidance for motorists stopped by law enforcement, effective Monday, the changes cover new language explaining what drivers carrying firearms should and shouldnt do during a traffic stop. These are the ordinary things they were doing when they were killed by police New guidance for motorists carrying firearms include keeping their hands on the steering wheel as the officer approaches, letting the officer know they have a firearm and telling the officer the location of the firearms. Drivers should not reach around inside the vehicle, get out of the vehicle unexpectedly or approach the officer. The new updates also give drivers carrying firearms information on what to expect from law enforcement during a stop. Safeway Driving School has been graduating teen drivers in the Twin Cities area for over 40 years and their instructors are licensed by the Minnesota Department of Public Safety. Classroom and behindthewheel lessons emphasize defensive driving techniques tailored for the inexperienced teen driver while targeting to

influence the invincible teen attitude. The State of Minnesota requires that driver's education distance learning be conducted in a faceto face platform, which requires that students have a video camera and audio capabilities on their devices. Safeway has chosen a secure Zoom platform to conduct the class. Safeway will be emailing the classroom handouts and 2020 MN Driver's Manual in pdf format for printing. Students will be required to be in front of the camera and interactive for the full three hour class. During the summer months, classes will be held 5 days per week.

If a student misses a lesson, they can make up that exact lesson number at the next Spring Lake Park session or at one of Safeway's other locations. After class is completed, students that are 15 years old are eligible to take their permit test at any Minnesota exam center. All driving is done in a real car on actual city streets, highways and freeways with a responsible, licensed Safeway instructor.
