Rose Ostafin 5.0 out of 5 stars Just opened, it is exactly what I needed. Product great, shipping very expedient, packaging excellent. Really appreciate it, God bless and blessed new year today and every day. However, some of the answers in this book are incorrect. I walked in there with such confidence as I test this book for two full weeks and kept getting every question right. I was seated at my table and given the test to begin. Let me just say this, there were on 3 questions in my test that were in the book!!! Every other question I had never seen before and they were weird question. A lot of the questions that I had, had to do with Marijuana which I pretty much know nothing about. I immediately felt defeated but because I already have a driver's license and have been driving for 10 years I thought that I would still do ok on the test. I finally finished and handed in the test to be graded. I failed by ONE point. So in other words, if you'd like to pass, don't get this book. When I told the instructor what book I used he literally laughed at me. So initially I think this book as been really helpful.

I already have a driver's license but not a US drivers so I have to start from scratch. But I've noticed mistakes in this book see pictures and 2 questions are identical but have different answers. So the one question that has a completely wrong answer is pretty common knowledge but I think of the teens that will use this book and might not see that these are wrong. If I pass my test this weekend I'll update my review but for now, 3 stars In order to navigate out of this carousel please use your heading shortcut key to navigate to the next or previous heading.
