That way you could have two AC units and a remote. Im in Laguna Beach, CA.Login to post To select a proper universal remote control, you should know about the number of digits to its setup codes. There are 3 digit, 4 digit, 5 digit, 2 digit and even single digit codes, to some brand devices. After confirming this, check the sites linked here. Both the sites have setup code list and setup procedure to many popular brand remote controls. Brand name of the remote control isnt a matter, but it should have setup codes in its code list, to the device brand you have. Please note Every new universal remote control will have setup code list, and setup procedure along with its pack. Never accept a remote control, that hasnt both of this. For more details about the setup codes, visit the site Check this site too. Universal remote controls are available at most of the electronic spare part selling shops.I have lost my remote and unable to get it from market.
