

## Felix The Frog

Look, there is a big house near the river. In the house, there is a frog. His name is Felix. Felix has a small head, a big nose, and a big mouth. He doesn't like his two small eyes. He wants big eyes.

Felix is a good frog. He gets up at 6:30 and eats breakfast at 7:00 every morning. He goes to school with his Friend, Tony. Turtle Tony has a small head. His eyes are super big! Felix sees Tony's glasses and says, "Wow! The glasses make your eyes big. They're cool!". "No, they're not." says Tony. Tony doesn't like his glasses.

At 6:00 p.m., Felix goes back home and asks his mom to buy him glasses. His mom takes him to see the eye doctor. The eye doctor says, "You have good eyes! You don't need glasses!" Felix is sad. He wants glasses. The eye doctor gives him sunglasses and says, "You can have these!" Felix is happy. Now he can go to school with his sunglasses!
