As we already noted, the European roulette wheel has 37 divisions, where numbers from 1 to 36 and 0 can be found. Numbers from 1 to 36 are alternately colored red and black, while the single zero is marked in green. The main objective, which any player pursues, is to predict, which numbered pocket the roulette ball is going to settle into.

## Tips for playing roulette in casino

European Roulette is a classic-styled wheel game with a 37-slot wheel and all the standard Inside and Outside bets you'd expect, in a convenient online format that can be played at home or on the move. The fun lies in the betting options, which range in even money payouts to 35:1.

European Roulette Bets If there were only straight bets to certain numbers the roulette game would be dull and less popular. A direct bet has 2.70% winning odds. It has a very high pay-out rate — 35:1 — but you would wait for your lucky chance for a long time.

If you plan to play the European roulette for real money or the French version, you should know that these two versions have pretty much the same house edge, which is around 2.70%! All these roulette for real games feature the identical number of numbers on the wheel, which makes them almost the same when it comes to the number of slots. However, there is a slight difference in the types of bets that you can make, though the 95% bets are the same in both versions. The European roulette does not have "la partage" and "en prison" bets, while the French version contains these two as the standard offer of the bets. However, the European roulette game enthusiasts do not have the same odds for winning, whereas the French roulette wheel offers slightly better odds for the players!

All the online casino roulette games recommended here have been subject to rigorous tests, meaning we're confident that these sites offer the very best online roulette for real money available in 2022. Below, we've outlined the testing program we use to check game quality.

European roulette is a casino game named after the French word meaning 'little wheel'. In the game, players may choose to place bets on either a single number or a range of numbers, the colours red or black, or whether the number is odd or even. To determine the winning number and color, a croupier spins a wheel in one direction, then spins a ball in the opposite direction around a tilted circular track running around the circumference of the wheel. The ball eventually loses momentum and falls onto the wheel and into one of 37 (in French/European roulette) or 38 (in American roulette) coloured and numbered pockets on the wheel.

European Roulette is a very fun game played in casinos all over the world as well on our site thanks to the good folks at Playtech. This version of roulette is the same as French Roulette; it has 37 chambers instead of the 38 that are found in the more classic, "American" take on the game. Although this may seem like a small difference, it is rather significant as it nearly halves the house edge!

## **Tips to play roulette in casino**

You need to plan your betting when you play online casino European roulette. Never bet more than you can afford, and always stick to a staking plan.

Un avantaj al jocului European Roulette este simplitatea. Odată ce știi tipurile de pariuri și câteva strategii, este ușor să joci. Poate este o idee bună să verifici dacă există un bonus casino pentru joc. Vezi lista celor mai buni operatori de mai sus.

You will have a wide range of bets available when you play European roulette online. While the Straight Up bets offer the highest payouts, they are also the riskiest. Betting on red, black, odd or even isn't exciting but it carries the best chance for long-term wins.

## **Roulette european casino**

The only difference between American and European roulette is that European roulette only has a single "0" field, and American roulette has both "0" and "00" which decreases your odds of winning by an extra field. This distinction is deceptively small - it actually makes a huge difference, so always play European roulette if you have the choice.
