One of the areas that online slots distinguish themselves from their brick and mortar counterparts is that you can play for free. Online casinos are able to offer free games because they aren't limited in space like B/M casinos are. In other words, you're not taking up space a paying customer could. It doesn't cost them anything extra to allow you to play for free, and they figure if you play for free long enough, you might convert to a paying customer in the future.
