DraftKings Sportsbook. PointsBet Sportsbook. FOX Bet Sportsbook. Betway Sportsbook. Barstool Sportsbook. 1. FanDuel Sportsbook. FanDuel Sportsbook is highly regarded as the king of sports betting operators in the United States, so it should come as no surprise that the brand's website is in fact our top betting site.

Gaming betting sites

Whilst there has been a shift towards the big venture capital funded groups in recent years there are still a number of betting sites who operate independently. Either as a stand alone brand or as a small group within a private company. So if you'd rather place your bets with a smaller operation then these are the ones you'll want to look out for:

For this category, we will evaluate all aspects related to the reputation of a sportsbook. A platform considered quality will give positive responses to the following questions.

Top 10 online casino and betting websites

Combine this with an easy to use website, intuitive mobile site and comprehensive in play betting coverage and you have yourselves the makings of a strong betting site.

Where Coral really come into their own is with their betting offers, and they consistently offer cash back specials and free bet promotions on all major sporting events – including offers for Football, Horse Racing, Golf, Cricket, Rugby and F1. We're incredibly impressed with the new Coral, and we're hoping that they keep up the good work in the years to come.

The folks at Coral have recently gone to great efforts to turn their product into something awesome, and it really shows. With a new sleek design and intuitive navigation system, you can get straight to the betting market you're looking for with minimal effort. And as always they offer highly competitive odds that rival all of the other UK high street bookmakers.

Once you've found the betting site that's right for you, you should learn more about it by clicking the 'Read Reviews' button to read our detailed reviews and read other players' comments and complaints on this platform to gain the most overview look about its transparency.

10bet have been around since 2003 and have been growing steadily ever since. They are one of the larger international bookmakers and as such have fantastic coverage of foreign leagues, tournaments and races. This is on top of all the domestic football, racing and sport that you'd expect from a decent UK bookie.

Having a bookmaker appear on a blacklist raises questions about its transparency. Therefore, we will explore the reason for this and look at each of the remaining platforms that also appear on the blacklist to check the logic of the list. After our self-checks, if that sportsbook is indeed a scam platform, we would never recommend it to our users.

In terms of odds, Betway offer decent enough prices across the board and a wide range of money back specials which definitely add value to your bets. As well as plenty of football and horse racing offers, they also often have offers for lesser known sports.

Next up are BetVictor – formally known as 'Victor Chandler' or 'VC'. BetVictor are particularly good for their competitive odds and they have

officially had 'best odds most often' and 'best average odds' over multiple premiership seasons. Combined with some strong payout limits they're a great option for any serious punter.

They offer a live chat customer service or you can call them 24/7, but they only support English. They are one of the newest betting websites, but they're one of the top sites for Sports gambling.

With this question, we will check the payment methods supported by the operator and see if they match the popular payment options in your country. In addition, we will improve the ratings of platforms that offer easy-to-access methods from your region so that you can easily find these sites on our platform.

Easy betting sites

The operator's annual turnover tells us whether the sportsbook's business is favorable or not. This issue is closely related to the safety of players, as betting sites with big revenues will have no problem paying out big winning punters.

It was in 2017 that they purchased 32Red, a brand that is more commonly associated with their casino but who also operates a sportsbook alongside poker and bingo rooms. A year earlier, in 2016, they also picked up another reasonably well known UK name – Stan James. Although it was short lived as the Stan James brand was eventually closed and customers migrated to Unibet.

We've been impressed by what Unibet have been offering over the past couple of years and it's clear that they really are trying to make a product that's good for users. The result is a fast, clean site that's backed up by regular offers and excellent market coverage. They also offer a full suite of products covering sports, casino, bingo and poker.

At BetMentor, you can find lists of several thousand bookies. With different ratings, you can search from safe and reputable online betting sites to websites that have many problems with players or those on untrustworthy blacklists. So, it is imperative that you know how to choose the safest and highest-rated platform to play at.

Offers range from weekly free bets on football through to money back specials on darts, and everything in between. Actual offers change regularly so check the site to see what's currently on offer.

If you're looking for a more formal way of complaining about a bookie – whether it be relating to a bet or payout, or even about an offer you think was misleading, you do have various options including IBAS, the ASA and even the Gambling Commission themselves. For more information, see our guide here.

Legit online betting sites

Seeing as we go by the name 'best betting sites', there's no way we could get away without offering you a list of our top ten betting sites. Included in this list are online bookmakers, sportsbooks and even the odd betting exchange.

When it comes to gambling, one of the first factors bettors often look at is potential payouts. Therefore, you should clearly understand what the house odds are and whether or not you can meet your expectations from the very beginning. Usually, the good bookmakers will give the best coefficients to keep bettors.

Real betting sites

For our number one pick we've chosen Bet365 who are an institution in British betting. Through a combination of great odds, a smooth site and more markets than any of the other sites we've tested, they offer a sports betting package that should keep everybody happy – no matter what your bet of choice is.

We carefully study the sections in the fine print to ensure the rights and fairness of the players. If a website offers terms and conditions that are unclear, misleading, or seriously affect customers' interests, we will lower its reputation score.

This bookmaker claims that it operates Live chat in English language at least few hours every business day. This may be great advantage for you when solving any issues.

Their payout system has improved massively over the years. In the past, this was the main complaint about Bovada, but now that they fixed it by speeding up the process and being one of the first online sports betting sites to offer bitcoin withdrawals.

Bovada has changed the face of Sports betting online. They have a great sportsbook, racebook and one of the largest online poker rooms for

players in the US. Their racebook is only open to North American thoroughbred and harness races.

With the professionalism and enthusiasm of a team of BetMentor's experts, we believe that the reviews and comments about the bookies are always objective and transparent. Therefore, whether you are new or seasoned bettors, at BetMentor's platform, we make sure you will always be able to find sportsbooks to suit your budget and preferences. If you encounter any problems or queries, we always recommend contacting customer support to receive the most prompt and dedicated answers.

In our bookmaker top 10 we list sites based on our overall opinion of them – so we look at odds, promotions, features and general usability as a whole. However, some sites will be better for particular sports and a bookie that's excellent for football betting might be rubbish when it comes to F1.

They have great, round the clock customer service. BetOnline has live chat, a toll-free phone number both can be reached 24/7 in English or Spanish.

The bookmakers listed above represent our current top ten recommendations for UK punters and both the order and contents of this list change from time to time as bookies improve (or slack off).

For most players, operator's bonuses are essential as they give them a chance to win something for free or at least cashbacks after unsuccessful bets. Bonus is one of the four pillars of our business growth. Therefore, we also invest time and money to bring players the largest database of promotions, including match deposits, free bets, cashback, and so on. So if you are looking for a bonus, we can help you too.

The minimum deposit amount is only \$10, which is the lowest you'll find.

One of the features that make Ladbrokes stand out are their banking options. As well as being able to deposit and withdraw with PayPal (which many of the bookmakers in our top 10 offer), Ladbrokes also let you deposit and withdraw using cash via their betting shops. And seeing as you can't go two minutes without seeing a red Ladbrokes sign, this makes it a very convenient way of getting your hands on your money right away.

BetOnline is great for sports gambling online in many ways, but especially with baseball. They constantly work to improve the online experience with their bonuses and other elements such as betting types.

In terms of promotions we've found them to be very generous, and not just for new customers either – existing customers also get well looked after with plenty of offers to keep you happy once you've signed up. These offers tend to change regularly so for full details of their welcome bonus and current offers, see this page.

To ensure you can find the safest and most legitimate betting sites, our team has carefully researched and spent a lot of time experimenting before making conclusions about bettors. We have also compiled a list of the best sports betting platforms available to bring out the best in your experience.

Even if you don't know much about online sports betting, you may have noticed that almost every bookie offers at least a few promotions for new customers and some for existing punters.

We created this page as a way of highlighting the very best of the best – the bookmakers who are not only trustworthy and reliable, but are also at the very top of their game. You might notice that a few big names are missing from the list – that isn't by chance. In particular we don't recommend one of the 'big' high street bookmakers for a variety of reasons which we won't go into here.

Trusted online betting sites

You cannot optimize your sports betting experience if you play at a site that is not available in your language. Therefore, based on the information about your country, we will filter out sites that support the most popular languages in your region.

Kindred are a relatively small group compared to the others but contain some strong brands including Unibet and 32Red. Their origins come from Unibet which was the first brand in the group (and still remains the biggest today) after which they performed a variety of smaller acquisitions which eventually led to the change in name from Unibet Group to Kindred in 2016.

Top rated betting sites

As soon as you land on the Top Betting Sites page, our list of the top online sportsbooks will be presented first. This listing also provides important summary information about each site, including ratings, bonuses, pros and cons, language preferences, games, and payment methods. With this shortlist, you can see the ratings of 10 bookies right on page 1. If you want to see more options, you can scroll down this list down to pages 2, 3, 4, etc. ... However, there is one thing we want you to notice the more you scroll down, the lower the rating, so we do not recommend playing at these bookmakers with lower ratings.

We evaluate how the operator treats users by looking at their complaints during their gambling on the platform. Suppose we are aware of many serious allegations, or the percentage of players making dissatisfied comments is the majority of the total customer base. In that case, we will lower the platform's reputation rating.
