Playing at JackpotCity means choosing an online casino that has some of the world's richest rewards up for grabs. We pride ourselves on the quality of our games, and on the size of the jackpots that we offer.

One All Slots Casino account will give you three great ways to play your favourite casino games. You can play instant Flash games by clicking on the game of your choice right here on the All Slots website with no need to download anything. Or you can access the casino on any mobile phone or tablet and play All Slots mobile casino games. Freedom, flexibility, and convenience are the bywords of All Slots Online Casino.

Higher, and consequently less frequent prizes, come from the picture symbols, although just 2 of a kind will be needed from either side to get a win. There's a compass, map and binoculars, stone tablet with some ancient inscriptions on it, carved statues and gold bars to create these lines, but the top rewards come from the treasure chest.

Golden City is one such game from the company that is certain to prove a big hit with online casino players thanks to its virtually limitless free spins and the presence of stacked wilds on all five reels. Featuring a Mayan jungle theme and plenty of colourful graphics, the game looks as engaging as you'd expect from a Spielo title and also offers the promise of some truly huge jackpot payouts.

The eCOGRA certification proves that the casino offers players fair gaming opportunities. Jackpot City always ensures a fair chance of winning through the use of a random number generator. The most recent eCOGRA report noted that the payouts on all casino games averaged 96%.

Like a lot of Spielo's most popular titles, Golden City is a fully adjustable slot machine that enables players to customise the number of active paylines, their bet size per line and the speed at which the game will play. With a maximum of 40 paylines to enable and line bets starting from as little as \$0.01, the game can be played for just \$0.40 a spin, making it perfect for players on tight bankrolls.

Collect three, four or five Scatters to win twenty, fifty or one hundred free spins, respectively. It's possible to retrigger these extra turns and win even more free spins! You can get up to 600 extra turns for a single activation. After that, players will no longer be eligible for the re-spin. At least, until they trigger free spins again, at which point the counter resets.

As soon as you join Jackpot City you're rewarded with 2,500 loyalty points and added as a bronze-level member of the VIP program. You can use the points to claim bonuses, free spins, free credits and wagering cash as you play. You're also able to use your loyalty points in Jackpot City's sister casinos Spin Palace, Ruby Fortune and Mummy's Gold Casino.

It's a simple game, where spinners simply collect reliable wins, helped by the presence of a wild symbol that can complete combinations, but other than this feature, there's nothing extra to enjoy, in fact at the time of writing, not even a payable. Perhaps Vela Gaming will correct this soon, we certainly hope so, as players are completely in the dark about how much each combination is worth until they actually land it.

Here at JackpotCity Online Casino one of our biggest joys is giving something back to our players. It's part of why for years we were synonymous with the phrase '500 Bonus'. But now we've kicked things up quite a bit, and these days if you're a new comer you're in for our all-new and bountiful welcome offer of \$1 600 bonus! Expand your gaming options and play with more funds at your disposal with the JackpotCity Online Casino \$1 600 bonus offer!

At least 3 of the lower-value playing card symbols will be needed, and while these are commonly-used icons, Vela Gaming have decorated them in a somewhat Aztec style to help them fit in with the overall theme. Because these return the smaller prizes, they tend to create the most frequent winning lines, and we found that it's rare to go more than 5 or 6 spins without collecting a payout of some sort.
