Love the site. Someday would like to visit and stay at Foxwood Casino. Seems like my password didn't work when site directed me to log in. I did several times and then had to go thru whole process. In doing so I lost my original app and games. I finally got to accumulate over 100,000,000 coins and after I logged in I'm at 25,000. How can I get to my other game. I think it is out in la-la land waiting for me. It took me a year to get all them coins, some long hours and frustration. Any help would be appreciated. Thank you.
