Table games are for players who like to beat the software. Using carefully learned tactics and strategies, games such as baccarat and blackjack are challenging for players who prefer to strategise.

Real-time live dealer casino games streaming straight to your device make this type of gaming a unique experience. Rub virtual shoulders with fellow players and chat with the dealer as you play!

There is one particular Karamba online casino product that has seen a sharp increase in popularity and that is jackpot slots. Progressive jackpots are undoubtedly the most popular choice among slots fans. A small percentage of all bets placed will go into the pooled progressive jackpot. The jackpot gradually increases until it's won and then resets to a predetermined value.

This game needs some patience but the outcome can reach up to a 5-figure jackpot. With a nudge feature, some multiplier wilds and 3 jackpots, you can win around 7,040x the stake. And then there is the super progressive jackpot to make your dreams come true.

This is an outstanding game packed with bonus features. The Jackpot King is a progressive feature that's activated randomly after any spin. You could claim a huge progressive prize if you spin this one.

The jackpot game begins where the Lucky Pond feature ends with fish-eating jewels and big cash prizes to be won. If you net a jackpot fish you could trigger a jackpot. There are five potential jackpots but the big one is the mega jackpot with a huge prize on offer.
