As Italian online casinos are licensed within the country itself, you also have the right for criminal prosecution in the case of wrongful treatment.

In modern times, Italian criminal law generally regards gambling as an illegal activity. However, sports betting and lottery are considered games of skill rather than games of chance and are legal in many forms across the country.

Most certainly, the Italian government will look to capitalize on the tax benefits from the rise of online gambling, and even more, lenient legislation looks to be on the horizon.

Leo Vegas was founded in 2011, and it immediately experienced rapid growth due to the increase in online and mobile gambling. The company was founded by Gustaf Hagman (Group CEO) and Robin Ramm-Ericson (Chairman of the Board & Managing Director of LeoVentures). In May 2016, Leo Vegas launched its sports betting product Leo Vegas Sport, which marked the growth in the live betting markets.

Does this mean that you can't gamble at sites not licensed by the AAMS? While this is technically illegal, no individual has been prosecuted for such an activity. Without exception, the Italian government only prosecutes operators, rather than players.

In the future, we hope to see further market liberalization and loosening of the AAMS' strict licensing criteria, mainly by removing the limit of 200 total licenses. We are positive that things are headed in the right direction, especially when we consider how popular online gambling is becoming worldwide.
