Starburst Slot Review. Created by NetEnt in 2012, the Starburst slot machine has become one of the most popular games at online casinos across the globe. This all-time favorite comes with five reels bursting with brilliance and wins for you to take home. Keep a special eye out for the Starburst Wild, which expands to cover one whole reel, offering more chances to complete a winning payline.

Instead, simply choose one site out of our comprehensive list of the best online casinos to place your bets at. These are the best places where you can spin Starburst slot for real money online, check them out.

In the whole game, there is not a single, defined free spins round for you to play at whenever you have a scatter symbols appear on reels. As a matter of fact, there are no scatter symbols at all for that very reason. Surely a very controversial choice for a developer on the league of NetEnt.

Online casinos that accept webmoney

Starburst is a low volatility slot with an RTP of 96.09%; this is considered the industry average RTP rate for online slots.

In order to win, the symbols must be present on the two opposite reels - left and right. Each of the combinations will bring good luck, and the amount of winnings will depend on the value of the stones (the list is presented below in ascending order).

Biggest online casino operators

As controversial as it is for an online slot to not have a single free spin round, NetEnt made it work. Actually, it went way further than it is expected. It became one of the most phenomenal slot games ever. In this sense, Starburst is deservedly a hit among a library of hit that the developers can proudly exhibit. Get your space shoes on and have a blast in this intergalactic slot bursting with joy.

The main game settings are hidden under the corresponding button, which is made in the form of a wrench and is located on a small panel under the slot control buttons. Here you can adjust the following functions:

5 different coloured gems represent the low paying symbols. These offer top payouts of between 3x and 6x.

Starburst is one of the most popular online slots on the market. NetEnt's gem-themed slot garnered so much popularity that it gave rise to sequels like Starburst XXXtreme. In addition, many developers have used aspects from this 5-reel, 3-row, and 10-payline game in their slots.

Fans of the original will no doubt love what Starburst XXXtreme offers, and we're sure it will attract players that have yet to play either title. Adding multipliers to the Starburst wilds should help to create some epic wins, especially during the revamped Starburst Wilds re-spin feature! You also have the option to buy directly into that bonus round for a multiplier of your stake! This is one new video slot that everyone should try at least once.

Sverige online casino svenska spelautomater

The peculiarity of this wild is that it falls out only on three of the five reels - the second, third and fourth. Appearing on one of the reels, the wild fills the entire column and increases the number of combinations until the next spin. Wild symbol will be fixed on the playing field and will give you the opportunity to trigger up to three free spins!
