Players from the United Kingdom can choose from a big number of great casinos, with one of the best gambling licensing authorities (UK Gambling Commission) governs all gambling activities in the country. You can check out our list of UK online casinos, or dedicated websites like kingcasinobonus.co.uk which specializes in casino bonuses for UK players, but also has a list of best casinos for players from the UK.

The only exception to this are fake games, which are created to resemble other original games, but with a different set of payouts and probabilities. Fake games are generally used by dishonest online casinos to trick players and increase their profits, but you will not find them at any casino which has a good rating from us. If we discover fake games at a casino during the review process, we decrease the casino's rating and warn our visitors.

The best way to find a trustworthy online casino is to pick a big online casino with a large number of players and big revenues, which we've given a high reputation rating. Large casinos are generally safer for players, because they have big revenues which allow them to easily pay out players even if they win really big. And if a casino was rated well by our review team, it means it generally treats its players fairly and doesn't try to trick them.

Aside from racing, fantasy sports, and betting on virtual products, all forms of gambling — both land-based and online — are regulated in Nicaragua. Regulatory authority is split between the Control Board of Casinos and Gaming Venues and the Ministry of Finance and Public Credit. Though land-based and online gambling were legalized in 2001, the industry remains largely underdeveloped.

Peru regulates casinos and slot machines, but not lotteries, races, or sports betting. Online gambling is also unregulated, meaning that while authorities do not issue licenses, they also do not prohibit operators from offering online casino games or sports betting. The government has also announced an intention to regulate the online gambling sector.

We have seen many players who managed to win tens of thousands of euros and then gradually lost all of it during the next few days or weeks (or even faster) because they kept playing and didn't withdraw their winnings. That's why we recommend players to be smarter than that and take their winnings if they get lucky and win. And it always helps to play in reputable online casinos.

Some of these are successful because of their association with big brands in other industries. Several of the biggest bookmakers in the planet run their own online casinos, for example, while others use world-famous trademarks and characters to attract customers.

Almost all forms of gambling are regulated in Panama. Online gambling is subject to local licensing, and operators can offer sports betting, auto race betting, and a full range of casino games. Some products, however, are prohibited; the list includes lottery games, betting on horse races, amateur events, political elections, and other events, at the regulator's discretion.

Land-based casinos and bingo halls were forced to close in 2012. Online gambling, similarly, is prohibited. However, in 2019, a group calling itself the Association of Former Casino Workers of Ecuador began calling for a reversal of the prohibition. The group's leader claimed that Ecuadorian citizens simply travelled to neighboring Peru and Colombia to gamble, bringing with them an estimated \$45 million in potential revenue, and casinos should be reopened. However, no legislation for the re-regulation of the sector has been considered yet.

Gambling in Italy is legal and regulated from 2011, when a new gambling law has been introduced.
