Three Card Poker is an interesting variation of the classic poker game. It is played with a single 52-card deck and includes two kinds of bets that can be placed. The first one called Pair Plus allows the players to wager on whether they will be dealt a Pair, a better, or not. In the second playthrough, the players wager against the house (the dealer) to guess which has the highest hand. The players are dealt three cards instead of the traditional five cards. The game has an RTP of 98.04%. Three Card Poker can be played at various Habanero Casinos. It's an interesting poker variation that adds a slight difference in the gameplay.
