Breaking News

Yesterday afternoon, the police got a call and

went to Sunny Street. A tree fell on two students.

Candy (10) and Alan (12) were in the hospital.

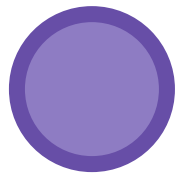

When we were talking to them, the students had this to say:

Candy

"I was on my way home after my flute practice, when I heard the noise. A tree was falling. I didn't have time to get out of the way. I was fine. I just have a headache."

Power Unit 1 Read A2-1

Alan

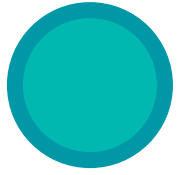

"After school, I stayed at school to finish a project. My sister waited for me at the front gate because we wanted to go to the stationery store together. On our way there, a car hit a tree near us. The tree was about to fall. I ran to help my sister. It was a little sad because I broke my arm and my leg. We stayed at the hospital for two hours."

The two students left the hospital with their mom and dad this afternoon. The police are now talking to the driver. We will know what happened soon.
