If you like fast action, you'll love what we have to say in our Speedy Bet casino review. This online casino and sportsbook favors fast-fingered players, with a slick and easy-to-use website that makes quick bets as easy as can be.

Speedy online casino bet

You may not have heard of this casino unless you live in Germany, Sweden, or Finland, as it's only available in these territories. This gives it an air of exclusivity which makes you feel special when playing on the site. The fact that support is bilingual, covering languages for each of these countries plus English, again adds a bespoke feel to the site.

Established in 2018, Speedy Bet casino holds a license from the highly respected Malta Gaming Authority. They're extremely transparent about everything in their terms – but more about that later in our Speedy Bet casino review.

Online speedy casino bet

If you've played at a lot of online casinos before, you'll be aware that many of them attempt to lure players in with a big welcome bonus. Usually, this will take the form of a deposit bonus when you make your initial investment.

You'll see figures which seem too good to pass up, like doubling or tripling your money in an instant. You may also be offered a bunch of free spins or other goodies.

Bet speedy casino online

But the problem is, in the vast majority of cases, these bonuses come with outrageous wagering requirements. This is particularly concerning for amateur gamers, who may join a casino purely for the welcome bonus before realizing that the odds of ever withdrawing that money are slim.

Our reviewers noticed that Speedy Bet casino takes a different approach. At other sites, you'll often find flashy signs with three- or four-figure prizes dangled in front of you. Here, there's no such offer. There is no misleading approach to get you signed up. There are simply games.

Casino speedy bet online

We found this refreshing. It's a testament to the casino's honest ways, seeing that they would rather lose a few customers to competitors than risk their integrity. This shows a high level of respect for players.

Not only that, but the absence of welcome offers also helps streamline the process. This leaves more space on the casino page, giving players fewer distractions and letting them focus on what matters. It is called Speedy Bet, after all.

Online bet casino speedy

The shrewd readers among you will have guessed this already: Speedy Bet does not offer promotions, either. The same welcome bonus logic applies. The company wants to deliver on their promise of quick, easy access to placing wagers, and they've stripped away anything that gets in

the way of that.

If you're a member of a few online casinos, you've no doubt had plenty of unwanted emails coming your way. However, that won't happen here. One of the biggest benefits of Speedy Bet casino's anti-promotion policy is that you won't have to waste time sifting through junk email.

Casino online bet speedy

Having zero promotions means no excessive emails. The casino is all about respecting the player and giving you what you want, without forcing offers on you.

Our expectations were higher than usual for the games section as we compiled our Speedy Bet casino review. This is because the site promotes an efficient service that removes promotions and prioritizes games themselves. But did it deliver?

Speedy bet online casino

Our answer is an emphatic 'yes'! Not only does the design of the site throw you straight into the action, but the range of titles is terrific. You'll find recognizable heavyweight games like Mega Moolah, which gives you the chance to become a millionaire in a single click, plus plenty more from leading casino software developer Microgaming, among others. And there are more than ten variants of blackjack and roulette.

All the games are separated into smart categories that make it easy for you to browse. 'New' and 'Popular' are examples of these self-explanatory game types, and you can also tap on 'Live Casino' or 'Slots' for a more thorough breakdown.

Speedy bet casino online

If you're playing on your mobile, simply swipe left or right on each category to flick through the available games. There's no need to load up a new page, which is a real time saver.

Given that the emphasis here is on speedy, 'no fuss betting', it makes perfect sense that you can access the casino on your mobile. Enter the usual URL and you'll be presented with games in just one tap. With no promos in the way, the entire site looks great on mobile devices and tablets, whether you're playing on your iPhone, Android, or iPad.

Bet speedy online casino

If you prefer, you can download the free Speedy Bet app for iPad and iPhone through the App Store. Naturally, we tested the app as part of our Speedy Bet casino review, and found it to be very user-friendly. But if you prefer to save space on your device, the website itself is efficient enough.

Support here is based entirely online, with most queries dealt with via live chat. This fits in perfectly with the 'speed' theme of the site. You'll be able to fire up a conversation and receive a reply in minutes, if not seconds, and the staff here are friendly as well as knowledgeable.

Speedy online bet casino

It's well worth noting that player support is available in four languages: English, German, Finnish, and Swedish. This scored very highly among our Speedy Bet casino reviewers, as it shows just how much effort has been placed on providing a top-level customer experience.

Players at Speedy Bet can deposit funds using Trustly, which is a common banking method across European casinos. All deposits and withdrawals are made in euros. This makes sense, as the casino is only available to players in four European countries. But what caught our eye during our Speedy Bet casino review was the exact wording the site uses.

Bet casino speedy online

The FAQ reads: 'Currently (€) EUR is the only official currency used at Speedy Bet, so you will not be able to change the currency.' This sat very well with us. Most casinos would shy away from mentioning that they 'only' use one currency. Speedy Bet does the exact opposite, embracing it and making it extremely clear to you what you can and can't use. It's just another example of how honest and upfront the casino is with you, which is a reassuring sign.

Speedy Bet casino adds no fees to deposits or withdrawals. And when you cash out, the funds should be available instantly.

Online speedy bet casino

If you're tired of waiting around at online casinos, Speedy Bet is bound to be the right fit for you. They've avoided the flashy welcome bonus at the top of the page, the slow web page loading times, and the endless options for banking and promotions that can slow things down. This casino is all about games, games, and more games – and they come from the best names in the business.

Now that you've learnt everything there is to know from our Speedy Bet casino review, you're probably just as keen as we were to get started.

Speedy bet is a copy of Speedy Casino, probably sister-in-law with each other. I have the same experiences with this casino as with Speedy Casino. I always play for raw money, that's why I can't say anything about bonuses or bonus terms. The casino has basic games like almost all other casinos and aspa works just fine. Withdrawals and deposits also go in both directions, although of course deposits more often ... just ok
