Customer Support – Customer support is quite obviously an important part of the company's business model. It's possible to reach support through live chat on their site 24 hours per day, 7 days a week. There are also several specific email addresses available for different areas such as general support, compliance questions, and business inquiries. They also maintain a well-organized FAQ page with the answers to many common questions.

Jeton was conceived and brought into being in 2017 by the company La Orange, based in London in the UK. The idea was to create an eWallet with a slight difference – via a Jeton card people could make real-world purchases via their Jeton account as long as they had enough money in the account to cover the payment.
