Payout caps on winnings are something to watch out for. This is the casino's way of preventing players from winning large sums of money without depositing or wagering any of their own money, forcing them never to return.

Pokies and casinos have RTP. At the same time, the RTP of clubs is always higher than the RTP of even the best pokies. This is due to the fact that good top clubs do not become impudent and take a modest percentage from the participants' deposits. The more players, the higher the RTP, because a long game pays off in favor of gamblers.

## **Casinos payout top**

We have already mentioned that the level of relationship between the bank and the casino also affects the speed of transactions. In fact, this is an indirect criterion, but it is quite important. So, for example, for trusted sources, some additional checks may be omitted. This speeds up the process and makes the payout reasonably faster.

Slots with the best payout are not necessarily the most enjoyable slots to play. Some players value entertainment over the pure mathematics. This page, however, is for those hoping to keep the casino's house edge to an absolute minimum and with some luck, create their own edge!
