第三部份：段落填空 10%

The pineapple, a yummy tropical fruit, is known for its special taste, effective health and medical benefits. 21, pineapples also have their fashionable impact: Pineapple leaves can serve as a substitute for leather.

The idea 22 when a Spanish designer noticed a traditional shirt woven together with fibers of pineapple leaves in the Philippines. After researching for a long time, she created a material similar to real leather from pineapple leaves, which can be used in 23 textile products such as bags and shoes.

This pineapple-leave leather is 24 eco-friendly than real leather and synthetic leather. It is safer for the workers in the factories because it 25 fewer chemicals. Moreover, the leftover material produced when removing fibers can even be a fertilizer in the pineapple fields.

This innovative material has been applied by many leading fashion companies to make their products because of its low cost.
