- B** 1. Banjo, Loo Loo, and Skater are flying to the other side of the world, from Brazil to Egypt. They are chasing after Piper and Punko, who are causing trouble around the world.

**Question 1. What is wrong with Piper and Punko?**

- A** 2. "We are here! Just above Cairo," Skater says.  
The three fly around Cairo and enjoy the tall and modern buildings. They also see some beautiful mosques, which are where Muslims go to worship.

**Question 2. What ISN'T mentioned in Cairo?**

- C** 3. Off in the distance, they see nothing but sand! There is a big desert outside of the city. Then, they fly to the pyramids, which are very near the city. It looks beautiful and mysterious flying up to the pyramids.

**Question 3. What is there in the distance?**

- B** 4. Banjo and Loo Loo walk closer to Piper and Punko. Piper and Punko have their arms crossed, and they are trying to look tough, but Banjo and Loo Loo are not scared. **Question 4. What is true about Piper and Punko?**

- A** 5. Before Banjo can say anything, Loo Loo runs into the pyramid to save the little child. There is an open door on the side, and she can hear the small child's voice down a dark hall. Loo Loo isn't afraid at all.

**Question 5. Why is Loo Loo in the pyramid?**

- C** 6. Outside of the pyramid, Banjo is very mad.  
"What did you do? Bring her out NOW!" he yells.  
"She is fine," Piper says.  
"Is she in there with the young kid?" Banjo asks.  
"There is no kid. That was a trick. You don't know that we can send our voices to other places?" Piper asks Banjo.

**Question 6. Why is Banjo mad?**

- B** 7. "We want to start controlling the world, but we need your help," Punko says.  
"How can I help?" Banjo asks.  
"If we have two super strong androids, the world will do what we say," Punko says.  
"But I think people are too smart and too nice to listen to you," Banjo says.

**Question 7. What do Piper and Punko need Banjo to do?**

- C** 8. "What about Loo Loo?" Banjo asks.  
"That's easy! Just solve this riddle, and the doors will open. Can you tell me what walks on four legs in the morning, two in the afternoon, and three in the evening? This is the ancient riddle of the Sphinx," Piper says.

**Question 8. How does Banjo save Loo Loo?**

- A** 9. "I can't tell you the answer, but I can help. Just try to think about what you are here to study," Potato says.  
"OK. And what should I do about ruling the world?" Banjo asks.  
"Do whatever you want! I will never tell you what to do. I think you should always make your own decisions," Potato says.

**Question 9. What does Potato tell Banjo to do?**

- A** 10. "The answer is PEOPLE!" Banjo screams.  
As soon as he says it, the door flies open. Loo Loo runs out and looks to her left and right, like she is ready to fight. Then she looks over at the Sphinx and sees Banjo's face on it.
