The other day, Renata started to feel a little under the weather. She didn't think that staying home was the right thing to do, so she went to a clinic near her apartment.

There were a lot of people there, but it didn't take long for the doctor to see Renata. When he asked her what symptoms she had, she told him she had a bad cough, a headache, and a slight fever. After that, he checked her out and then told her she had what was going around. He told her not to worry and sent her home with some medicine.

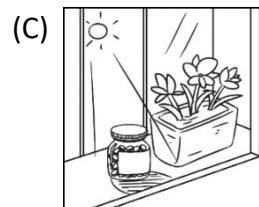

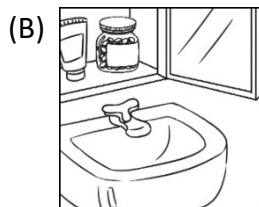

Here is what it says on the bottle.

- Take one pill with water after each meal and before going to bed.
- Do not take the medicine with coffee, tea, or other drinks.

Pleasantville Restaurant Guide

La Temple \$\$\$\$ / ★★

The food here would fill you up if you only ate with your eyes. Although all the dishes are full of flavor, the portions are really tiny. This fancy restaurant has pleasant air and an excellent service, but I have no idea who would really pay so much for so little.

Planet Wild \$\$ / ★★★

This restaurant is a great place to get your hands on a big hamburger, French fries, and fast food. The delicious desserts are all made by hand. Also, everything on the menu comes in huge portions, so it's best to be hungry when you get here. When it comes to size, I don't know where you can get anything bigger than at Planet Wild.

Farm Fresh Food \$\$\$ / ★★★★★

Nothing beats this place for really good home-cooked food. With every bite of every dish, you can really taste how much the owners love to cook. It is presented from the spaghetti with garlic bread to the apple pie with fresh ice cream. One dish that must be had is the fried chicken! It's the specialty at Farm Fresh Food.
