Palm reading can give you some ideas about the character of a person. Before you can do that, you need to know what the most important lines are and where they are on the palm.

First is the big line that begins at the side of the palm between the thumb and index finger and usually goes down to the wrist. It is called the life line, and it gives you an idea about the state of your health and how old you might live.

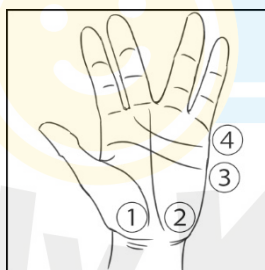

Next is the line that starts at the same place as the life line and runs across the palm. It is called the head line, and its length is used to tell how smart a person is. So, the longer it is, the smarter you are. After that is the line that runs from the bottom of the palm up to the bottom of the middle finger. It shows when and how you will become successful and is called the fate line.

Just to the side of that is the start of the heart line. It continues across the palm to below the little finger at the edge of the hand. It shows the strength of your heart and how you feel about love.

13th Annual Dance Contest

Date: Saturday, March 15, 2018

Place: Danville Music Hall

Do you like to move your body to the beat of the music that is playing on the radio or coming out of your CD player? Are you so light on your feet that it feels like you are flying across the floor? If the answer is yes to anything above, then come and show us what you got in person. We welcome all the different types of dance. Our one and only rule, though, is that you present your own moves and not something that is copied from someone else.

Anyone and everyone that is interested in and excited about entering the contest needs to sign up by the first day of the month that sees the contest being held at the very latest. Also, a small fee of NT\$250 has to be paid in full when you give us your name. There will be no exception to this, no matter what.

Everyone who joins us will have the chance to win the top prize of NT\$100,000 and other prizes. This could be the big break that dancers like you have waited for to shine and show your stuff to the world.
