三、閱讀測驗（每題 2 分，共 6 題）

(一)

My name is Willy, and I am in the second year of junior high school. I usually wake up at around six in the morning and leave the house at about ten after seven. I go to school by bus every day, and it takes me fifty minutes to get there. However, I sometimes take a taxi when I'm running late.

At school, math used to give me a big headache because it was my worst subject, but that has all changed. Last semester, Miss Livingston started teaching math at my school, and she really knows what's she doing. Also, when I ask questions about something confusing, she patiently explains until I understand. I really like her and her class, and I am doing much better in math now.

Of all my subjects, I like history the best. Mr. Brown knows a lot about it and tells interesting stories about famous people from all over the world in class. Between classes, I always play basketball with my classmates, Curt and James. We also have lunch together every day.

After school, I take a bus home. I usually spend two hours doing my homework and studying for tests. When I finish, it's usually about the time that my father comes home from work. We have dinner together every day. I watch sports on TV for one hour, and then I go to bed at ten. This is a typical day of my life.

Below is a card for a person that has decided to move on from her place of work.

Dear Melissa,

I was sad to hear that you were leaving. Also, I couldn't believe my ears when Donald told me that I would be taking your place. There's nobody that can do the job that you did because you did it for over 20 years. I'm really nervous about doing a good job. If there's a problem I can't deal with, can I call you? Your advice means more to me than you know.

Keep in touch,

Tamara

Hey Melissa,

You're the one person I truly liked and got along with here. There's no one else like you!

Good luck,

Hugh

Melissa,

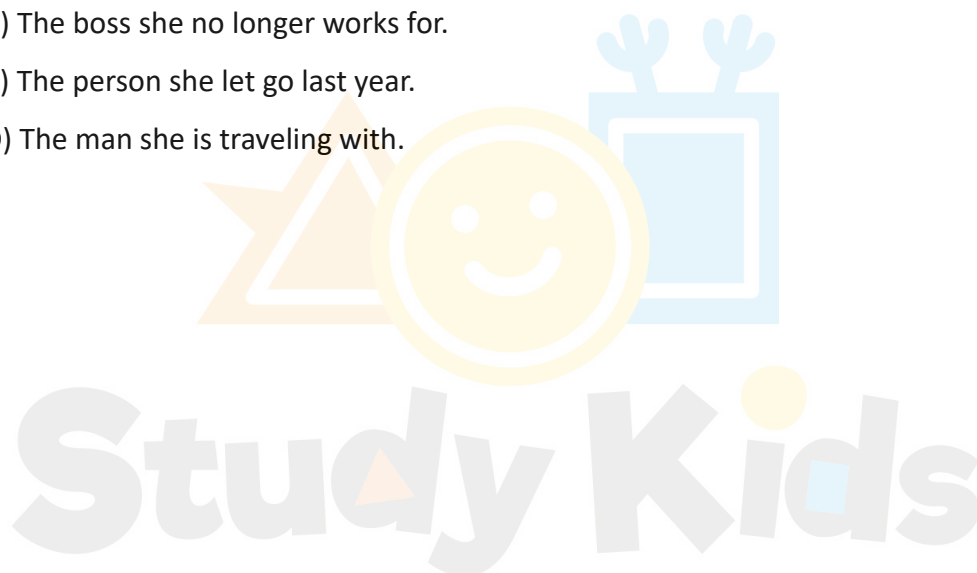

At first, I thought you were leaving us for another firm, but I later found out that was not it at all. I'm glad you're going to follow the dream you've had since you were a child and open your own coffee shop. Thank you for all the hard work and long hours you put in over the years. People like you are hard to find, so I'm very lucky you enjoyed working here and for me. If there's ever anything you need, please feel free to call me.

All the best,

Donald
